WMG Water Harvesting Certification Application

Instructions: Please answer the following questions on a separate page, and submit a resume. Do not send a cover letter. The application is limited to 2 pages and the resume to 1 page. Please mail applications to: Watershed Management Group, PO Box 65953, Tucson, AZ, 85728.

Name:

Address:

Email:

Phone:

1. Describe why you would like to participate in the Water Harvesting Certification program. Please let us know how you plan on utilizing your training.
2. Describe any skills, education, or training you have relevant to water harvesting that would prepare you for the course.
3. The course is rigorous intellectually (an extensive reading list, written homework assignments, and a fast-paced curriculum) and physically (four to eight hours of outside hands-on work per day in hot temperatures). Please indicate your level of preparation for this level of challenge (including any physical limitations).
4. In order to earn certification, we require that participants attend all the trainings. Please inform us if there are any time conflicts you anticipate based on the schedule provided.
5. How did you find out about the Water Harvesting Certification Program?
6. We offer a limited number of scholarships (up to \$300) to our training program to defray some of the costs for participants in need. If you would like to be considered for a scholarship, please explain your financial need and how a scholarship would assist you in attending this program.
7. Which course are you applying for (city and dates)? If space is not available in the course, is there another session that you would consider?
