## WMG Watershed Technical Training Course Application

Name: \_\_\_\_\_

Mailing Address: \_\_\_\_\_

Email Address: \_\_\_\_\_ Phone: \_\_\_\_\_

Which course are you applying for? Please list course name and dates.

---

**Instructions:** Please answer the following questions in two pages or less and submit a one-page resume. No cover letter is necessary.

Email applications to Tory Syracuse, [tsyracuse@watershedmg.org](mailto:tsyracuse@watershedmg.org). Please refer to the course announcement for application deadlines and registration fees.

1. Describe why you would like to participate in this Watershed Technical Training. Please include how you plan to utilize the knowledge and skills gained through this course.
2. This course will build upon concepts covered in WMG's Water Harvesting Certification course, which is recommended as a pre-requisite. If you have completed this course, please provide the date of completion, as well as any additional experience you have with the specific course topic.

If you have not completed the Certification course, please describe the professional or academic experiences or other training that you feel may serve as equivalent pre-requisites.

3. This course is rigorous intellectually (including course readings and a fast-paced curriculum) and physically (four to eight hours of outdoor hands-on sessions per day). How well prepared are you to succeed in the course given this level of challenge? Please indicate any physical limitations so that WMG may accommodate them.
4. How did you find out about WMG's Watershed Technical Trainings program?

5. We offer a limited number of scholarships (up to \$150) to defray some of the cost of the course for participants in need. If you would like to be considered for a scholarship, please explain your financial need. How would a scholarship assist you in attending this program?
6. All sessions of this training are required in order to develop a technical understanding of the concepts and topics covered. Can you commit to participating in the entire course? Do you have any possible conflicts with the course dates?
7. WMG will provide some meals and snacks throughout the course. Please list any dietary restrictions or concerns so that we may accommodate you.
